

Portable Wireless PA Systems

MA-708 Premium Portable Wireless PA System

This versatile package delivers a powerful 100 Watts of exceptionally clear sound reinforcement, whether for music or speech. A host of innovative features and impressive performance make it an ideal portable PA system for a wide range of applications.

Features

- Powerful 100 watt (RMS) power for crowds up to 1,000.
- 8" woofer & 1" horn tweeter.
- Extremely rugged design with retractable handle and sturdy wheels.
- Up to 4 wireless microphones can be used simultaneously (when using additional receivers).
- A voice priority feature that mutes the music when using a microphone.
- A smart 4-segment rechargeable battery meter for accurate battery reading and charging status.
- Echo effect control so singers sound fuller and richer.
- Industry's only MTM-90 wireless interlinking transmitter to interlink multiple MIPRO MA-708 portables wirelessly to greatly extend transmission range and expand coverage (optional).
- Active limiter keeps sounds clean when driven hard.
- Built-in storage compartments for transmitters.
- 3 power modes: AC, rechargeable battery and direct DC.

Applications

- Corporate presentations, seminars and meetings
- Sporting events
- Aerobics and fitness centres
- Shopping centre presentations and promotions
- Church services and weddings
- Hotels, music productions, rallies, theme parks
- Military and law enforcement
- Press conferences, auctions and trade shows
