**Lightweight, Adjustable and Comfortable.**

**Featuring Interchangeable Capsules.**

**Premium Miniature microphone**

**MIPRO Mini-XLR**

**Switchcraft (TA4F) Compatible**

### Key Features

- Flexible and durable frame with comfortable, soft ear hooks which require no adjustment for optimum comfort
- Interchangeable MU-53M uni-directional capsule module and MU-55M subminiature waterproof omni-directional capsule module.
- Featuring a high dynamic range and able to withstand a maximum SPL of 125 dB without distortion.
- Capsule module and cable are easily detached from the frame and can be mounted on the left or right side of the frame to suit personal preferences.
- The capsule-shaft mount is fully rotatable.
- The capsule-shaft allows for adjustments in length, direction and angle for precise and optimum capsule positioning in relation to the speakers mouth.
- Patented, swiveling earhook design allows for inward rotation, facilitating easy storage, packaging and carriage.
- Available in black and beige colors.
- Supplied as standard with MIPRO's 4-pin mini XLR plug.
- Features a smooth, warm, natural sound.
